Despite all the difficulties and some fears, we assume our responsibilities under the Erasmus + program. The essence of the program is to always respect all hygiene and safety rules, something that makes us more attentive at home or away from home.

The Erasmus + program is a program of mobility, sharing, knowledge, feelings, sensations and emotions.

This is what is happening. It can happen and it will happen!

The Erasmus + world cannot stop!

The 3rd day of the We-Welcomemotions (no.2020-1-TR 201-094326) mobility project included a visit to the historical centre, where they saw the typical Turkish market. 🇹🇷 They also performed the "Story circle" - understanding how emotions play with feelings and mark the place of how they are as educators. 🥰👏
